PROJECTS

ASAP

My minor projet is developing ASAP website for better communication with student teacher , tutor and Corporate For better education feature also get job through this webpage Mainly there are 5 modules

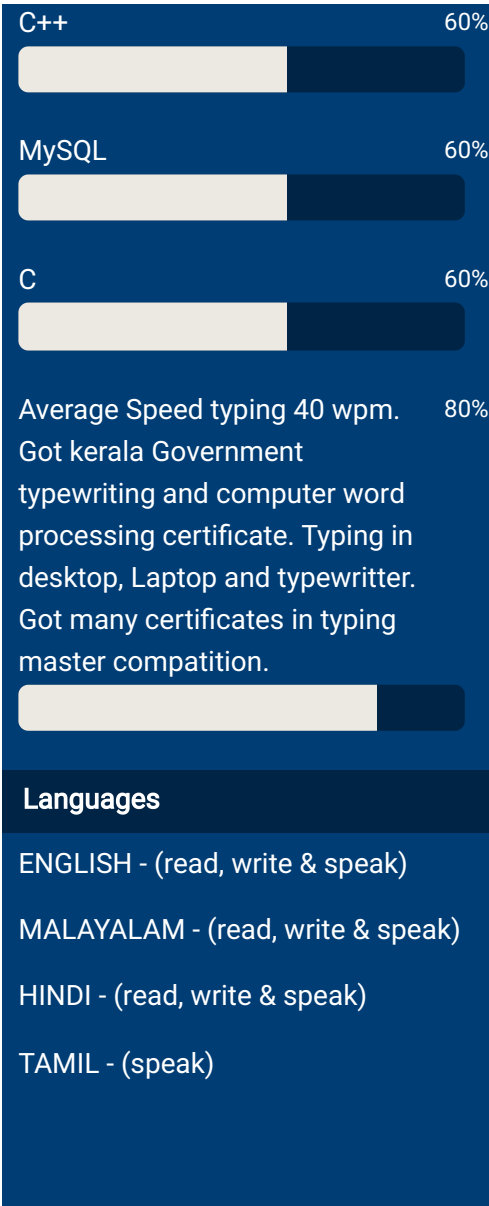

1, Student

2, Teacher

3,Tutor

4,corporate

5,Admin

On Road Vehicle Breakdown Assistance Finder

This is my final year project to develop a website for online emergency workshop in kerala. Mainly there is 3 modules one is Admin, Mechanic and other is User. Each of them have its own task.Admin connect directly with mechanic and user.If user need a mechanic admin give reference to the user to connect any of the suitable mechanics.
